What do you like about Exwick Tennis Club ? :

The best thing about the Club is Steve, as a coach he is very professional, but very friendly and warm at the same time, he has infinite patience and the activities he proposes are practical and designed to teach the technique, but at the same time fun and motivating. Both his classes and his workshops are of high quality and highly recommended.

What are our strengths as a club ?:

The Club is very inclusive, you always find a wide variety of friendly people and and a playful atmosphere. The courts are in very good condition.

Would you recommend us to your friends and family ?:

100% recommended, both the sessions for adults and children are great.

What else would you like to say about the Club ?:

Adult Tennis Camp and Adult Coaching Workshops are highly recommended to deepen into technical aspects of the game, they are very well organised and you really notice the improvement in the game after them.
